FLOOD PLANNING 2010

To Our Patients:

In an attempt to proactively plan for potential flooding, we would like to make you aware of the different channels of communication that we will have available in the event that Innovis Health is directly affected. Regular means of communication may not work – and last year we had great success through the use of social media. Below are those listings, along with others, that you may access for more information:

1. SOCIAL MEDIA:

We strongly encourage you to sign-up for our social media venues for most current postings; all media channels can be accessed from the Innovis Health homepage (www.innovishealth.com) by clicking on the icons listed towards the bottom of the page:

- Blog – <http://innovishealth.wordpress.com>
- Facebook - <http://www.facebook.com/InnovisHealth>
- Twitter - <http://twitter.com/innovishealth>

2. INNOVIS HEALTH WEBSITE
